HSNC UNIVERSITY, MUMBAI

ABOUT HSNC UNIVERSITY

The Hyderabad (Sind) National Collegiate (HSNC) Board is one of the most prominent educational Boards of Maharashtra that has set up 17 educational institutions in and around Mumbai. In the year 2019, the HSNC Board completed 70 years of its educational journey and finally achieved the dream of its Founding Fathers - the establishment of a new State Cluster University - the Hyderabad Sind National Collegiate University (HSNC University). The HSNC University has been approved by RUSA and the Govt. of Maharashtra and is the first State Cluster University to be set up in the Government – Private Management Body partnership with the Hon. Governor of Maharashtra as its Chancellor and eminent industrialist, Dr Niranjan Hiranandani as its first Provost. The HSNC University comprises of renowned South Mumbai colleges like H.R College of Commerce & Economics as its Lead college and K.C College of Arts, Science & Commerce and Bombay Teachers' Training College as its constituent colleges. HSNC University will build partnerships with industry and have new curriculum aligned with industry 4.0. The aim will be to not only learn from the requirements of the market and have industry collaborators willing to orient students towards the same, but also to ensure internships and the best placements for its graduating students. This multi-faculty University aims to set new paradigms of education. It wishes to harness the energy and enthusiasm of the young, dynamic population of India and guide it towards the path of learning, knowledge, research, innovation, service to society and entrepreneurship. This University recognizes the vast potential of Science Communication in the knowledge economy and the lack of specialized educational curriculum and learning for students aspiring for a professional future in the Innovation, Technology and Science Enterprises and the expanding media. Hence, the KC college has designed a best in class course in science communication in the sunrise sectors of Knowledge and Innovation economy.

ABOUT TCS iON

TCS iON is a strategic unit of Tata Consultancy Services focused on Manufacturing Industries (SMB), Educational Institutions and Examination Boards. TCS iON provides technology by means of a unique IT-as-a-Service model, offering end-to-end business solutions. It caters to the needs of multiple industry segments, through innovative, easy-to-use, secured, integrated, hosted solutions in a build-as-you-grow, pay-as-you-use business model. TCS iON's Cloud Based Solution is highly modular, scalable and configurable giving businesses and educational institutions the benefits of increased efficiencies, faster go to market, predictability of technology as well as spend and better business results.

OVERVIEW OF THE COURSE

WEALTH MANAGEMENT

Wealth management refers to having a knowledge of all products that are considered as investment and recommending the right investment products to investors. With the projected increase in jobs in the financial sector, the knowledge of wealth management becomes a must for a job in the mutual fund, banking or trading industry.

Wealth Management is a course that prepares students for entry-level jobs in the portfolio management segment, especially with banks and brokerage firms. It helps them understand and explain the various assets available for investment, recommend investment products, manage wealth and portfolio of self and customers.

FINANCIAL DERIVATIVES

Today, derivatives trading has become popular in all stock exchanges across the world. The data from Futures Industry Association shows that the National Stock Exchange (NSE) trading volume increased by 58% in 2019, and it has now become the world's largest trading platform for derivatives, thereby surpassing the US based SME group. This higher demand from the industry provides an opportunity for employment of a vast number of derivatives professionals in India.

This course introduces students to:
main derivative instruments that one can trade in, features of these derivatives and their usage, trading strategies. This course will help students to make a career in derivatives trading in the Trading and Banking sectors, either in stock, commodity or forex markets.
